

National Seminar on “Social Exclusion and Challenges of Inclusion in India”

A two-day national seminar on "Social Exclusion and Challenges of Inclusion in India" organized by the School of Social Sciences, The Assam Kaziranga University was held during 25-26 of August, 2017. The seminar was attended by 34 participants from different colleges of Assam and also from JawaharLal Nehru University (JNU), Dibrugarh University and Assam Womens' University Jorhat. In the Inaugural Session of the seminar, Dr. P.K. Mishra, honourable vice-chancellor of the Assam Kaziranga University delivered the welcome address. Dr. Mishra in his address briefly highlighted the objectives of establishment of the Assam Kaziranga University. He further dealt with the concept of social exclusion that has been operating in different countries based on different social phenomenon. Prof. Vinay Kumar Srivastava, Director, Anthropological Survey of India, Kolkata, delivered the Inaugural Address. Prof. Srivasata, who is a versatile orator, cited in his address examples of social exclusion as well as social inclusion in the Indian society and also of different societies of the world. He emphasized upon the fact that the social exclusion and inclusion are processes which are not to be looked in isolation of each other, rather they both exist simultaneously in human societies. The Inaugural Session was also addressed by Prof. B.N. Borthakur, Dean, School of Social Sciences who in his speech focused on the objectives of organizing academic events such as seminars in universities. Prof. Borthakur opined that the academic image of the university is reflected through academic activities like holding of seminars, participation of teaches in such seminars, publication of research journals and publication of research papers, books etc. by the teachers. Dr. Biswajit Ghosh, Professor of Sociology, University of Burdwan, West Bengal, delivered the keynote address of the seminar. In his address, Prof. Ghosh dwelt upon at length the concept of social exclusion and he particularly discussed the phenomenon of social exclusion in Indian context from four angles namely dalits, tribals, religious minorities and women. In all, four technical sessions were held which were chaired by Prof. B.N. Borthakur, Prof. Biswajit Ghosh, Prof. Jyoti Prasad Saikia and Dr. Ruprekha Bordoloi, Principal Kakojan College, jorhat. In the Valedictory Session, valedictory address was delivered by Dr. Jyoti Prasad Saikia, Professor of Sociology, Dibrugarh University, who in his address besides dealing with the concepts of social inclusion and exclusion, also appreciated the School of Social Sciences of Kaziranga University for organizing such kind of academic event. Prof. B.N. Borthakur delivered the vote of thanks in which he appreciated the management of the Kaziranga University for their support in organizing the seminar and commented that this is symbolic of their pursuit for developing the Kaziranga University as one of the best academic institutions in the North-East and in India. He also thanked the participants and resource persons for their engagement in the seminar.

National Seminar on Social Exclusion and Challenges of Inclusion in India

Organised by

The School of Social Sciences
The Assam Kaziranga University
Jorhat – 785 006, Assam

Inaugural address by:
Dr. Vinay K. Srivastava
Professor of Anthropology,
University of Delhi, Delhi

Keynote address by:
Dr. Biswajit Ghosh
Professor of Sociology,
University of Burdwan, West Bengal

Venue: KU Auditorium,
2nd Floor, SOB Building

August 25 & 26, 2017

Regional workshop on the activities and schemes of NT and “Towards an Inclusive India for parents with Intellectual and Development Disabilities”

On 17th November, 2017 Prerona Pratibandhi Sishu Bikash Kendra, SNAC Assam, organized a regional workshop in Jorhat in association with National Trust to create awareness amongst the public, parents of persons with disabilities, Govt. officials etc about National Trust Act 1999, different schemes and activities of National Trust. Mr. U. K. Shukla, Legal Adviser, National Trust graced the occasion as a resource person and moderator to the panelist. The event was organized at Assam Kaziranga University campus in which the faculty members and students of school of social sciences attended the workshop. Apart from them, different Govt. officials of the Social Welfare department, Education department etc. also attended the programme from all over the state. The event was inaugurated by Shri Kamakhya Prasad Tasa, Hon’ble Member of Parliament with lighting the ceremonial lamp, followed by his inaugural speech. Next Sayera Rahman, Principal Prerona welcomed the guests and participants.

The following were the panelist who spoken on the respective topics shown against their name:

Sl. No.	Name & designation	Topic
1	Mr. U.K. Shukla, Legal Adviser, National Trust	Context of the Workshop/ The National Trust Act & four disability it covers/ LLC/ Legal Guardianship/ Schemes & Activities/ support services to PWDs under National Trust Act/ Inclusive India Initiative
2	Mr. Bivash Modi A.C.S. Directorate of Social Welfare, Govt. Of Assam	Keynote Address on Inclusion
3	Mrs. Krishna Baruah, Officer on Special Duty, RMSA, Assam	Need of Inclusion in Educational Institute as well as in Society at large
4	Dr. Dipankar Hazarika, Assistant Professor. Dept. of Pediatrics	Role of family after identification and early intervention
5	Mr. Surya Chetia, Assistant Professor, Department of Mass Communication, Womans University, Jorhat	Role of media towards Inclusive India Initiative
6	Mrs. Ritu Sharma , Assistant Employment Officer, District Employment Exchange, Jorhat	Necessity of inclusive employment in the present scenario of Assam

Workshop on Fundamental Mathematics

A workshop on Fundamental Mathematics was organized on 12th February 2018.

Objective:

Mathematics is an amazing and beautiful intellectual creation, one of the deepest endeavours of the human race. The present workshop was organized with an objective to popularize mathematics among the young students from the different colleges of north-east India and its different interesting facets of applications to solve real life problems. This workshop will also give a chance to the participants to interact with the speakers from prestigious institutions, faculty members and students of the department of mathematics of the Assam Kaziranga University.

Speakers:

The Workshop had a record of three speakers, all eminent experts in the field of mathematics. The details of speakers and their delivery topics as follow:

Speaker: Prof. (Dr) Rajen Kumar Sinha, Dept. of Mathematics, IIT, Guwahati.

Topic: Continuity and differentiability in \mathbb{R}

Speaker: Dr Bhupen Deka, Assoc. Prof. Dept. of Mathematics, IIT, Guwahati.

Topic: Existence and uniqueness results in ordinary differential equation.

Speaker: Dr Chandra Chutia, Assoc. Prof. Dept. of Mathematics, JIST, Jorhat.

Topic: Matrix analysis and application

Participants:

Participation was invited from all over the Assam by sending invitation letter and brochure to Heads of the Departments of Mathematics, College/ Institutes/ Universities and also announcing the Workshop on the website of The Assam Kaziranga University (<http://www.kazirangauniversity.in/success-stories/ku-events>). Also, the invitation letter and brochure was circulated through email across the country maths-India group (google group of more than 10000 Mathematics faculties from different institute of India). The applications received were scrutinized by the organizing committee and short listed based on relevance of the Workshop topic with their programme of study. 160 candidates were short listed and invited, and finally 139 candidates participated. In addition to this eleven faculty member together with two faculties from colleges and one pass out students from MSc in Mathematics also participated.

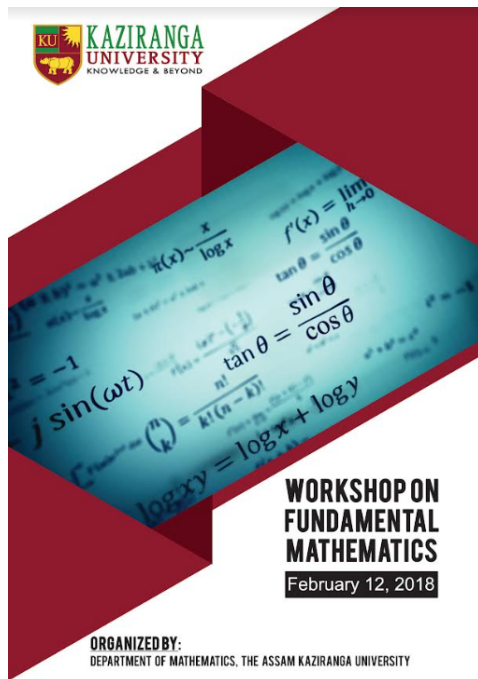

Inauguration:

A one-day Workshop on “Fundamental Mathematics” was organized by Department of Mathematics, The Assam Kaziranga University, Assam on 12th of February 2018. The workshop was sponsored by The Assam Kaziranga University. It provided a platform for the young generations studying in degree or post-graduate programme in mathematics, of in and around Jorhat to inter-act with the academicians from prestigious institutions, faculty members and students of the Department of Mathematics of The Assam Kaziranga University. More than 110 UG students of nearby colleges and

26 students of the host university, 1 alumina and 2 faculties of the colleges participated in the workshop and get benefited. In the inaugural function, Ms. Priyanka Beriya, student of Mathematics, welcomed the gathering. Pre-Conference Workshop was inaugurated by VC, Dean SBS, Dean R&C and speaker with the auspicious lightening of lamp and felicitation by the students of mathematics.

Dr. Biju Kumar Dutta, HOD of Mathematics, welcomed the VC, Deans, speakers and the participants. Prof. (Dr.) P.K. Mishra, Vice Chancellor, The Assam Kaziranga University & President (NEKF), presided over the inaugural function of the workshop. In his presidential address, he congratulated and insisted upon the participants to make the workshop a great success by their fullest participation. Then Prof. (Dr.) Jayanta Kumar Sarmah, Dean (School of Basic Sciences & Student Affairs), The Assam Kaziranga University who talked about the importance of workshop and its uses. He also talked about the Department of Mathematics which has come up in the premises of university to develop mathematics in and around area. In her inaugural address, Prof. (Dr.) Maitreyee S. Bezbarua, Dean (Research and Consulting), felicitated the participants and wished the workshop a great success. The workshop was followed by three lectures. Prof. (Dr) Rajen Kumar Sinha gave a talk on “Continuity and differentiability in \mathbb{R} ”. He explained definitions and application of sequence, convergence, continuity, uniform continuity and differentiability in real valued function. Then, Dr Bhupen Deka delivered a lecture on “Existence and uniqueness results in ordinary differential equation”. He highlighted the development in the area of solution space of ODE. He also discusses the question pattern of JAM and NET. Finally, Dr Chandra Chutia talked on “Matrix analysis and application”. He excellently explains the application of matrix analysis to solve real life problems. In the valedictory function, Ms. Priyanka Beriya, student of Mathematics, welcomed the gathering. The function was chaired by Prof. (Dr.) Jayanta Kumar Sarmah, Dean (School of Basic Sciences & Student Affairs), The Assam Kaziranga University. In his presidential address he thanked the speakers and the participants for making the workshop a great success. He talked activities and achievement of students from SBS. He insisted the participants to continue their studies and do research. He welcomes and motivate all the participants to do some collaborative work with Dept. of Mathematics, The Assam Kaziranga University. Finally, Dr. Biju Kumar Dutta, HOD of Mathematics proposed vote of thanks. In his address, he thanked the academies, the fellows, the participants for having made the workshop a great success.

A Webinar on Installation and configuration of KVM, VPN and VLAN

A webinar on Installation and configuration of KVM, VPN and VLAN was organized on 9th & 19th March 2018 at the IBM LAB.

As part of IBM Innovation Centre for Education program (IBM ICE), two workshops were held by IBM Subject Matter Experts on Cloud and Business Analytics, on 9th and 19th March 2018 respectively at Kaziranga University, which were attended by all 4th semester students in CSE department. The workshop on Cloud Computing, conducted by Mr Senthil Kumar, provided hands on experience in Type 2 Virtualization using ESXi Server 6.5, Installation and configuration of KVM, VPN and VLAN in virtualized environment. The BA workshop was conducted by Mr Kaushik Banerjee of IBM Kolkata who focused on Data Warehouse, ETL and Business Intelligence concepts, where students got a good understanding of tools such as Informatica, SAP BO and IBM Watson Analytics. The IBM Subject Matter Experts also had meaningful faculty interaction that would help KU to further strengthen the IBM ICE program going forward.

Workshop on “Fundamentals of Computational Chemistry”

A Workshop on “Fundamentals of Computational Chemistry” was conducted on 27th March 2018. The Participants were able to learn some of the important aspects of computational chemistry for skill development upon successful completion of the workshop. It is believed that participants can acquire knowledge of various scopes of computation for further application in unsolved chemical problems. Hands- on training also helped the participants in developing their chemistry software handling skills.
